Product parameters

Product name: Four-way remote control switch

Control mode: remote control, manual

Working mode: Pointing, self-locking, interlocking

Working voltage: DC12V, DC24V, AC220V, AC380V

Rated power:500W/way

Relative humidity: <95%

Environment temperature:-40℃~70℃

Product size:92*97*58mm

Warm tip: Due to manual measurement and different ways, slight error
